

## **Field Trip Policy**

Lilliput Land Cooperative Nursery School  
Reviewed October 2016

### **Purpose of the Policy**

Lilliput Land Cooperative Nursery School (“Lilliput Land”) is committed to the vision that all children enrolled in the centre will be effectively supervised at all times, whether inside in the classroom space or outside.

The children may go for walks in the local community. These excursions are considered part of the daily program and will not include motor transportation. No private vehicles, other than the case of a parent/guardian transporting his/her own child, will be used for transportation of any child in any program provided by Lilliput Land. An authorization form, in the registration package, acknowledges the guardian’s permission for a child to leave the premises on supervised field trips.

On field trips where transportation is required, parents will be notified in advance as to the details of the scheduled field trip excursion and written parental authorization forms will be distributed and must be signed and returned to the Centre for your child to participate. Guardians are encouraged to accompany his/her child on field trips.

During all trips and walks, the individual ratios of each program will be maintained for all children and emergency medical information will be available.
